

An open dark wooden door with a brass handle leads into an art studio. The floor in front of the door is covered with a light-colored mat. On the mat, the words "TAGE DES OFFENEN ATELIERS 2023" are painted in large, bold, red capital letters. To the left and right of the door, there are easels holding various colorful abstract paintings. In the background, a desk with a chair and other studio equipment is visible.
